# Tablet/Phone Apps

1. If you own a tablet or smartphone, you have the option of adding the PowerSchool app to your device. This is of course optional.

2. Use the links on the left side of the screen to view more information about the app. You also might need the “District Code” list in the same section.

# Things to remember:

1. Teachers need time to score assignments. Grades do not appear immediately in the portal.
2. Assignment grades are one part of your performance. Many other factors are also important such as attitude and participation. The Portal should not be the only way that you think about your learning progress.
3. If you have trouble logging into the Portal, stop into the computer lab for additional help.
4. The Portal is closed for a certain number of days at the end of a quarter to prepare report cards. It is also closed during the summer.
